

Dear all

In this week's digest:

- ANU has a job opportunity for a Postdoctoral Fellow / Research Fellow collaborating with CSIRO and NASA to work on monitoring vegetation based on very-high resolution satellite imagery. Applications close 4 September. See <https://jobs.anu.edu.au/cw/en/job/546593/postdoctoral-fellow-research-fellow> for information.
- CSIRO has a job opportunity for an Irrigation hydrologist position based in Canberra, applications close on 22 September. See <https://jobs.csiro.au/job/Canberra%2C-ACT-Irrigation-Hydrologist/921407700/> for further information

If you would like something included in this digest, please email it to [office@mssanz.org.au](mailto:office@mssanz.org.au)

Kind regards, Karen
