

Dear all

In this week's digest:

- The University of Melbourne has a PhD scholarship available with the FLARE Wildfire Research Group in Melbourne, looking at experimentation and simulation of wildfire spotting  
<https://www.flarewildfire.com/multiscale-experimentation-and-simulation-of-wildfire-spotting>  
<https://research.unimelb.edu.au/research-at-melbourne/melbourne-cnrs-network/mcn-available-joint-phd-opportunities/multiscale-experimentation-and-simulation-of-wildfire-spotting>

If you would like something included in this digest, please email it to [office@mssanz.org.au](mailto:office@mssanz.org.au)

Kind regards, Karen
