- An Assistant Professor position at the University of Twente (UT), the Netherlands

If you would like something included in this digest please email it to office@mssanz.org.au

kind regards, Karen

Assistant Professor in Sustainability and Complex Adaptive Systems

Dear colleagues,

The Department of Governance and Technology for Sustainable Development (CSTM), University of Twente (UT), the Netherlands, invite applications for an Assistant Professor position in Sustainability & Complex Adaptive Systems. A great opportunity for those with passion for agent-based modeling, network analysis, SES modeling, resilience and climate change. Deadline for online applications is October 16, 2020, for details see <https://www.academictransfer.com/en/293240/assistant-professor-in-sustainability-and-complex-adaptive-systems/>

Prof. dr. Tatiana Filatova

University of Twente, Social Complexity of Climate Change, CSTM/BMS, the Netherlands, <http://www.sc3.center/>

University of Technology Sydney, ISM/FEIT, Australia, <https://www.uts.edu.au/perswade>
