

Dear all

In this week's digest:

- *Hydrology and Earth System Sciences* (HESS) has recently opened a Special Issue on the “representation of water infrastructures in large-scale hydrological and earth system models”. The Special Issue will be open until March 2023. Additional details about its aim and scope are available [here](#). Co-editors: Stefano Galelli, Sean Turner, Yadu Pokhrel, Jia Yi Ng, Andrea Castelletti, Marc Bierkens, Francesca Pianosi, Hester Biemans, Martina Flörke, and Wouter Buytaert.

If you would like something included in this digest, please email it to office@mssanz.org.au

Kind regards, Karen
