

Dear all

This week we have two positions that might interest you:

- A Senior Software Engineer / Systems Architect at CSIRO Land and Water
https://jobs.csiro.au/job/Brisbane%2C-QLD-Senior-Software-Engineer-Systems-Architect/800714100/?locale=en_GB
- A CSIRO Early Research Career (CERC) postdoctoral fellow to work on Modelling Multi-actor Socio-agro-ecological Systems with the Agroecology team in Brisbane
https://jobs.csiro.au/job/Brisbane%2C-QLD-Postdoctoral-Fellowship/804239100/?locale=en_GB

More about the CERC program and information on other fellowships is available here: <https://www.csiro.au/en/careers/career-opportunities/postdoctoral-fellowships>

Don't forget to register for MODSIM2021. We are working on the program and will let you know once the first draft block program is published.

If you would like something included in this digest, please email it to office@mssanz.org.au

Kind regards, Karen
