

Dear all

In this week's digest:

- The abstract submission deadline for the Winter Simulation Conference in Singapore from 11–14 December has been extended to 12 August. If you haven't yet submitted an abstract, feel free to do so. MSSANZ will be running a special session titled 'Simulation Down Under' that deals with all aspects of modelling and simulation with a particular focus on modelling to manage Australia and New Zealand's natural resources. See submission guidelines at <https://meetings.informs.org/wordpress/wsc2022/authorsubmission/>
- CSIRO has a job opportunity for a Biosecurity/Ecological Risk Scientist (PhD + post-doc equivalence experience, or equivalent) three-year position based in Canberra (preferred) or Brisbane, closing on 31 August 2022
See <https://jobs.csiro.au/job/Canberra%2C-ACT-BiosecurityEcological-Risk-Scientist/915655800/> for further information

If you would like something included in this digest, please email it to office@mssanz.org.au

Kind regards, Karen
