

Dear all

This week we have 3 items that might interest you:

- A PhD opportunity at KIT, Germany on the *Impact of extreme climate events on agricultural ecosystems in Europe*  
[https://www.imk-ifu.kit.edu/101\\_853.php](https://www.imk-ifu.kit.edu/101_853.php)
- QUT Applied Mathematical Ecology Group is holding a free two-day symposium on *Environmental modelling for better predictions and decisions* at QUT on November 16-17  
<https://forms.gle/o2b8v1NqicFWvx3FA>
- Monash University has a PhD scholarship position at the Department of Civil Engineering (Water Group) and School of Chemistry on *Improving Agricultural Stream Water Quality*  
<https://nrmjobs.com.au/jobs/2021/20009932/phd-scholarship-improving-agricultural-stream-water-quality?back=1>

A few MODSIM2021 reminders:

- If you are a session organiser, please make sure reviews of full papers are completed and authors have been notified
- If you have a full paper submitted, please make sure you check on reviewer feedback and revise and submit your final version as soon as possible.  
Contact [modsim2021@mssanz.org.au](mailto:modsim2021@mssanz.org.au) if your paper has not yet been reviewed
- Keep those extended abstracts coming in
- And don't forget to register to attend in person or via a virtual registration!

If you would like something included in this digest, please email it to [office@mssanz.org.au](mailto:office@mssanz.org.au)

Kind regards, Karen
